EXPERIENCE

NETWORK ADMINISTRATOR INTERN • RIO GRANDE • AUGUST 2015-AUGUST 2017
My duties while on this job were to diagnose and fix computers in a timely manner. I installed over 400 SSDs into all the machines in the campus labs. As well as repaired Macbooks for students.

CASHIER • PAR MAR EXXON • MAY 2015 – AUGUST 2015
My duties while on this job were to scan in items and provide a professional service to customers.

SOFTWARE ENGINEER INTERN • ASRC FEDERAL MISSION SOLUTIONS • MAY 2017 – CURRENT
My duties while on this job were to diagnose and fix software issues relating to AEGIS. I worked hand in hand with Lockheed Martin engineers to design and integrate software procurements for the Navy.
